April 30th
10 a.m. to 1 p.m.
Hansen Community Center

Stay as long as you like. FREE!

New at the Hansen Library

The Hansen Community Library switched cataloguing systems to Apollo. This new system allows library staff to better manage inventory but patrons will see many benefits as well.

Patrons can access Apollo from the Hansen Community Library website (www.hansen.lili.org) and select catalog or <https://hansen.biblionix.com>. Create an account using your patron number and the system will allow you to manage your checkouts, reserve material you are interested in and even send in interlibrary loan requests. The system will also notify you when items are due.

Stop by and ask how you can better utilize Apollo.

Mobile Hotspots Available

The American Rescue Plan Act (ARPA) of 2021 was signed into law on March 11, 2021. It designated \$200 million in pandemic response funding for the Institute of Museum and Library Services (IMLS). Of the \$200 million, \$178 million was allocated for state library administrative agencies.

Idaho's allotment of the ARPA funding was approximately \$2.4 million. More than 90% of Idaho's allotment (\$1.8M) went directly to Idaho libraries through the "Keep Students Learning and Adults Earning" grant to libraries.

Through the Learn/Earn grant, the ICfL was able to fund 48 libraries and a variety of projects across Idaho. Grantees included public, school, academic, and special libraries, which includes tribal.

An additional \$310,000 was provided through a separate opportunity to 96 Idaho public libraries to help them purchase digital content through OverDrive.

The Hansen Community Library received \$2,300 to provide three mobile hotspots for patrons to check out plus a tablet to use with a donated Cricut and a Botley.
